Welcome To Condale

Summer Camp

Don't you ever what It's like in there? To be all by yourself like that. Hm.
Yeah I know. But he's weird, you know? But I'm surprised he hasn't turned on us right now.You're so fine, you're so good
I need you. And I think that if you thought about it you'd know you need me too.
Cause I want you.. I want you..
I want you.. I want you..
And if I could I'd squeeze your hand so tight every knuckle would crack
I'd wrap my arms around you and snap every bone in your back.Cause I want you.. I want you..You're so smart, you break my heart.
I like you, and I think that if you thought about it you'd know know you'd like me too.
Cause I want you.. I want you..
I want you.. I want you..
I want you! I want you.
I want you.If I could I'd kiss your lips so hard your entire face would bruise
Put your name and blood on everyone and make the evening news
I'd chain your hips together so that you could never leave.
I'd make you love me so much that you'd ask permission to breathe.You're so.. fine. (I think about you all of the time It's driving me out of mind)
You're so cool.. (??????? grow beside me like a fire)
I need you... (I'll give you everything I got).Cause I want you.. I want you..
I want you..
I want you.. I want you..
I want you..You're so smart (There is a you, there is a me - together for eternity)
You break my heart (If I didn't have you I don't know what I would do)
I like you (I know you like me from the start)Cause I want you.. I want you..
I want you.
I want you.. I want you..
I want you.
I want you.. I want you..
I want you.It's up to you, It's up to you.
It's up to you, It's up to you.
It's up to you, It's up to you.
It's up to you, It's up to you.It's up to you, It's up to you.
