

If I Only Knew

Tom Jones

Yeah

Yeah Home grown, on the bone
All the channels show the same old war zone
As I walk alone in the city
Makin' me an offer, now don't they look pretty New cinema
Live action, all the noise of attraction beats up
On the streets, the sellers do mark up
Better than tellin' em off, don't stock up Shark, but they don't bite
All that matters is you're not here tonight And now that I wonder
Am I gonna dig a hole ten feet under
Under sea, under me, under you, under we, undivided
Undecided If I only knew
What I could do
To make you, make you love me
To make you, make you love me If I only knew
What I could do
To make you, make you love me
To make you, make you love me Up north where the snow grows colder
I travel onward 'cross the border
Looked up a girl that I once knew frozen
I found it out that it was chosen To be the follower of the deity
Make myself scarce while they
Come to plea bargain for my body and soul
All the flames go around, surround me I won't go, I need the ozone
I wanna cuddle up behind your backbone
I never stay long where I'm not wanted
I fell haunted Yo brother
Where ya gonna go
Back to the war zone
To break down the walls If I only knew
What I could do
To make you, make you love me
To make you, make you love me If I only knew
What I should do
To make you, make you love me
To make you, make you love me If I only knew
What I could do
To make you, make you happy
To make you, make you happy If only I knew

what I should do, yeah
To make you, make you love me I bared my soul to the golden traces
Went to the forest of the holy places
Love me, love me And now I wonder
Am I gonna dig a hole ten feet under
Under sea, under me, under you, under we, undivided
Undecided Yeah
Yeah If I only knew
What I could do
To make you, make you happy
Make you, make you happy If I only knew
What I should do
To make you, make you happy
To make you, make you happy If I only knew
What I could do
To make you, make you love me If I only knew
What I should do
To make you, make you love me If I only knew
What I should do If I only knew
What I should do If I only knew
