

# Hope Your Dreams Come True

## Daisy Chainsaw

Hello I'm you're saviour  
you're such individuals  
everyone agrees  
it's going to feel so good  
now I'd pay a high price  
to feel nothing at all  
I hope all your dreams come true  
{ chorus }(repeat)  
you're sympathy I don't need  
my brick wall it stays up  
it took so long to build  
{ chorus }  
people all need a hero  
to touch they're souls is easy  
I hope all your dreams come true  
(repeat)  
If they don't what will you do?
