Anyway Bye Bye

Poco

Are you sad
That I'm leavin'?
Baby, bye byes
Aren't always pleasin'Would you come along
If I was needin'
And down on my knees
Long enough for pleadin'?But anyway bye byeMany thoughts
Have passed between us
Words aren't made clear
They become meaning, meaninglessI gotta get away from here
I'm tossin' in sleeplessness
Wonderin' who
Has the right to happinessI got to clear my head
Changes that I dread
Are waitin' for me
Waitin' for meBut anyway bye byeI got to clear my head
Changes that I dread
Are waitin' for me
Waitin' for meBut anyway bye bye
