Real Gone

Freddy Mullins

Baby we know that we can't get back to good
Even after all this talk, maybe we should?
Two same hearts but one different soul
But when love goes oh how it goesSo take care and so long
But you need to get real gone
Cause I'm so tried of holding onAnd as time moves on and I go on
Its funny how I was once so strong
But baby I know you know how this goes
Our love looked so high but felt so lowSo take care and so long
But you need to get real gone
Cause I'm so tried of holding on
