

# Motion

## Haldolium

He won't come down never  
He won't come down  
He won't come down never  
He won't come down  
He won't come down  
He won't come down  
When your heart it beats heavy for a drum  
No you won't come down easy let me run  
When you long to reach Heaven where the night is young  
And all the stars above you are in  
Motion now, motion now  
You're feeling so alive  
Motion now, motion tonight  
Motion now, motion now  
You're feeling so alive  
Motion now, motion tonight  
Ooh  
In the neon blue city  
In the twilight fields  
See the ballroom dance floor  
On your warehouse heat, anyone can feel it  
Motion now, motion now  
You feel so alive  
Motion now, motion tonight  
Motion now, motion now  
You feel so alive  
Motion now, motion tonight  
Ooh  
Motion now, motion now  
You feel so alive  
Motion now, motion tonight  
Motion now, motion now  
You feel so alive  
Motion now, motion tonight  
Ooh
