

# Losing End of Distance (Live Acoustic)

## The Samples

I've been on the losing end of distance  
A little too far to be close  
On every corner I'll be looking  
Wiping my tears away I've been looking everywhere for you  
I've been looking everywhere for you Never mind the streetlights  
Or every shadow shaped like you  
Every call keeps me running to the phone  
Operator tell me how to get this off of me I've been looking everywhere for you  
I've been looking everywhere for you I've been waiting all my life  
Never holding on too tight [Incomprehensible]  
Leaving me behind  
Because my love was there to stay  
It's up to you to find [Incomprehensible]  
Leaving me behind  
Because my love was there to stay  
It's up to you to find Up to you  
It's up to you to find From the bottom of the oceans  
To the mountains of the moon I've been looking everywhere for you  
I've been looking everywhere for you  
I've been looking everywhere for you  
I've been looking everywhere for you
