

Burning Wheels

Alphaville

I love to see your moves, it's so divine you dance
I love to see your moves, it's so divine you dance
When you're struttin' your legs ain't no gravity on this planet
When you're struttin' your legs ain't no gravity anymore And I walk-walk-walk like an astronaut
With your monroe smile on the screen of my eyes
And every giant step I take melts the snow on the roof of the world
And the stars like burning wheels roll by
Burning wheels roll by I'm the blossom's scent since you stick in my soul like a flower
I'm a blossom's scent since you're comin' on down like a shower
And my heart is a golden bell, I can't keep it from tolling
Yes, my heart is a golden bell and I can't control it anymore And the stars like burning wheels roll by..
