Stay the Same

Idlewild

It sometimes happens
It always happens to me
But then always isn't a word I use
Always isn't a word I choseWhen I know that this won't survive much longer
Unless we alter what we have
But then again survival
Is not why we shouldStay the same
If we can't be the same
We won't stay the same
Our similar thoughts will never let usStay the same
If we can't be the same
We won't stay the same
If we retainYou know that
I won't be much help to you
If it wont happen the way
That you've always planned itJust so you could become
More interesting
This time for a purpose
Only now I know the purposeAnd I know that what is here will not be here much longer
Unless we alter what we have
Or alter what we dont have
What we wont haveWhat we've never seemed to have
What we try to have
We fail to have
And all of this was just so we wontStay the same
If we can't be the same
We won't stay the same
Our similar thoughts will never let usStay the same
If we can't be the same
We won't stay the same
Just because we think we are the sameIt's just so we won't, stay the same
If we can't be the same
We won't stay the same
When we believe we are not the same
