

# Stay the Same

## Idlewild

It sometimes happens  
It always happens to me  
But then always isn't a word I use  
Always isn't a word I chose  
When I know that this won't survive much longer  
Unless we alter what we have  
But then again survival  
Is not why we should stay the same  
If we can't be the same  
We won't stay the same  
Our similar thoughts will never let us stay the same  
If we can't be the same  
We won't stay the same  
If we retain you know that  
I won't be much help to you  
If it won't happen the way  
That you've always planned it just so you could become  
More interesting  
This time for a purpose  
Only now I know the purpose  
And I know that what is here will not be here much longer  
Unless we alter what we have  
Or alter what we don't have  
What we won't have  
What we've never seemed to have  
What we try to have  
We fail to have  
And all of this was just so we won't stay the same  
If we can't be the same  
We won't stay the same  
Our similar thoughts will never let us stay the same  
If we can't be the same  
We won't stay the same  
Just because we think we are the same  
It's just so we won't, stay the same  
If we can't be the same  
We won't stay the same  
When we believe we are not the same
