## The Electric Prunes

Try Me On for Size(Annette Tucker/Jill Jones)

I'm not a dreamer, I'm a do'er  
your hopes for escape are gettin' fewer  
I know what you need, baby, you're gonna see it my way,  
I know you're shoppin' around but don't pass up  
this good thing you've found.  
Stop your lookin' baby what you want is standin'  
right in front of your eyes.

Try me on for size

My arms were fit to perfect measure  
my lips were made to give you pleasure  
girl can't you see I could be your lovin' man, and  
Hey girl, tell you what I'll do  
I'll throw in my heart if you want me to  
I got everything you need, satisfaction guaranteed  
so get wise

Try me on for size(bridge)

Take me home and you'll discover that you'll never want another  
cuz my love's gonna look so good on you.(solo)

I'm not a dreamer, I'm a do'er  
your hopes for escape are gettin' fewer  
I know what you need, baby, you're gonna get it my way, hey  
hey girl tell you what I'll do  
I'll throw in my heart if you want me to  
I got everything you need,  
satisfaction guaranteed  
try me on for size
