When I Come Home

GOLDHOUSE

Your fire's always burning
I bleed before I put it out
Take it back to where it started
And return to feelings we forgot about[Refrain 1]
I been left out in the rain
Roughed up along the way
And I know I made mistakes
But my story never changed
I'm stronger than I was
And it hurts to play the game
But we all learn this way[Pre-Chorus]
Where it all comes back around
Where I know I'm safe and sound
Our names still in the concrete, the love will never die
The ground is so electric and I am alive[Chorus]
When I come home
Up on the rooftops, we're fading with the sun
Out here my world stops, and we're forever young
When I come home
When I come home[Verse 2]
All the faces always changing
Things that'd hurt to live without
But these feelings, like photos never age
Bring us back to nights that we forgot about[Refrain 2]
I've been kicked down in the dirt
Had love ripped away
There were days when I felt cursed
Praying for a change
Now I'm stronger than I was
And it hurts to play the game
But we all learn this way[Pre-Chorus]
Where it all comes back around
Where I know I'm safe and sound
Our names still in the concrete, the love will never die
The ground is so electric and I am alive[Chorus]
When I come home
Up on the rooftops, we're fading with the sun
Out here my world stops, and we're forever young
When I come home

When I come home
