

Baby Love

New Edition

Whoa whoa, you yeah
Whoa whoa, yeah yeah yeah yeah yeah Seen your picture, called your name
Cover story teenage magazine
Wish I could phone you, wish you well
And tell our secrets like we used to tell You're my baby love, do you remember me?
My baby love, I remember
Baby love, do you remember me?
My baby love You're a star now, celebrity
Have you forgotten how it used to be?
We'd play doctor in the sand
Do you remember back in childhood land? Wish I could hold you in my arms
I miss your candy kisses and your charms
Nobody loves you the way I do
I'll never find another girl like you You're my baby love, do you remember me?
My baby love, I remember
Baby love, do you remember me?
My baby love When I'm lonely
I can hear your voice inside, feel inside, can't hide
And when I look up you're not anywhere
I love you, you know it, wish that I could show it to you, you, you My baby love, do you remember me?
My baby love, I remember
Baby love, do you remember me?
My baby love, I remember Baby love, do you remember me?
My baby love, I remember
Baby love, do you remember me?
My baby love, I remember I remember, you remember
Baby love, do you remember me?
Baby love, do you remember me? I remember, you remember
Baby love, do you remember me?
My baby love, I remember Baby love, do you remember me?
My baby love, I remember
Baby love, do you remember me?
My baby love, I remember Baby love, do you remember me?
My baby love, I remember
Baby love, do you remember me?
You're my baby love
