

# Chances (feat. Brielle Von Hugel)

## MESTO

Hold tight and don't let go on the night  
And keep it you close we're alright  
Oh, cause if we don't know it, where go in  
Good vibes the stars well know where it's right  
So pull me close at a night  
Oh we got this over, this moment  
Oh, oh

Chances feelings running slow, oh  
Taking chances living high, low  
This a ever getting low  
Oh this a ever getting low

Hold tight and don't let go on the night  
And keep it you close we're alright  
Oh, cause if we don't know it, where go in  
Good vibes the stars well no where it's right  
So pull me close at a night  
Oh we got this over, this moment  
Oh, oh

Chances feelings running slow, oh  
Taking chances living high low  
This a ever getting low  
Oh these a ever getting low
