

Suicidal Dreams

Abomination

Kill your father
Kill your friend
Kill your neighbor
When will it end
Join the army, navy
Airforce, marines
Follow the battalion
Suicidal dreams
A vicious circle
Of death, sin and pain
History repeats
Again and again
Walk through the darkness
Everyone's asleep
Daytime's their world
Nighttime's defeat
Just a policeman
A figure well known
Product of society
Where did he go wrong [Chorus:]
Just kill the dealer
Is this right or wrong
Is there no justice
The man with gun [Chorus]
