

Dance Floor

[Link 80](#)

dance floor
it's my home away from home
the music's loud
i start to dance
i don't feel so alone
so much aggression
but i don't hurt anyone
i go to the show
and i dance and have fun
i found it
what i've been looking for
i found it
i found it on the dance floor
paid my 5 bucks and go into the show
this is so great
i don't ever wanna go
