Renewal

Extol

I can hear a signal from the center of my soul
Ignite the impulse of life
Make a change of patterns in the
Landscape of the inner manObtaining a new perspective on life
Discovering a new dimension of FreedomRenewalA penetrating power claims dominion in my being
Leaving the old man to die
The presence of a spirit is reflected
By the wave of changeRecharging power / Receiving strength
Renewal of mind and soulI have established contact
With a higher form of intelligence
Giving me wisdom and insight
A complete restoration of my spiritA revelation of the truth
Effects the way I'm thinking
I am part of Your plan
I will let Your Spirit move inside me
Like a Breath of LifeI send out a message to the souls who still are searching
Invite the Maker of Life
Let Him be the guidance to
Complete your life in every way
