

Everybody Wanna Be a Star

Beanie Sigel

You cannot be me
Deke what I tell you, what I tell you
Look at they face now, look at they face now, stupid
I told you it was gon' happen
Now look at they face, look at them crawlin' on they knees Why niggas can't never just play they part
Gotta be the first ones that say they talk
Say they shared, first ones to say they did
Can't never be they self gotta play that kid You know the same young buck you let touch the coke
And now that he come up he wanna cut your throat
And you gave from the block, put 'em to your neck
Now he givin' you a glock puttin' it to your neck You know that same bitch said don't fuck with him
That nigga no good ain't no trust in him
Two days later see her in a truck with him
Two years later now that bitch stuck with twins That nigga been broke why now she fuck his friends
Got a lap dance in bars and touch them ends
Time uncovered a veil over people's plots
And the dumb shit they do to get on top Everybody wants to be a star
Everybody wanna be a star, don't wanna be who they are
Everybody wants to be a star
Every bitch wanna hop in your car, every hater wanna give you scars Man every fucking day, these no flow
niggas
Always in my face, with they promo niggas
I thought I told y'all, I don't know Jigga
I'm not Beanie Sigel and I don't flow neither What happened to your keys and dreams of being cracklords
Now it's Trinities, MP's and trackboards
I switched my hustle to get this cream
Now everybody and they mom wanna spend \$16 I got niggas wastin' they change to get in this game
Like shit gon' change when they get in this game
You think it's just rhymes and beats
Man this shit's stress time and heat, deadlines to meet Everybody wanna come cry to me
Come spit they little lines to me
You shouldn't of lied to me, naw dog you can't rhyme wit' me
Like you tied to me, like I don't see what you tryin' na be Everybody wants to be a star
Everybody wanna be a star, don't wanna be who they are
Everybody wants to be a star
Every bitch wanna hop in your car, every hater wanna give you scars Everybody wants to be a star
Stop tryin' na be a star, be who you are, maybe you will go a little far
Everybody wants to be a star
Everybody wanna be a star, never wanna be who they are Man, I ain't gon' lie I thought all the glitz was gold

And like Jay, I watched the truth unfold
And now that I got a little time in with this rhymin'
I found out everything that shine ain't a diamond Everything that come in a jar ain't dro
Ain't no use you spittin' them bars you can't flow
Ain't no use you gettin' that R if it don't glow
And ain't no use you gettin' a car if you can't go Get out the streets, haters will draw you back
Like an automatic weapon that'll pull you back
Load somethin' in the brain just to see you snap
I try to maintain but I see they trap See they plot, you can see me not
You can be me not, niggas wanna see me bopped
See me locked, see me in the block
Send me shots, do anything to be on top Everybody wants to be a star
Everybody wanna be a star, don't wanna be who they are
Everybody wants to be a star
Every bitch wanna hop in your car, every hater wanna give you scars Everybody wants to be a star
Stop tryin' na be a star, be who you are, maybe you will go a little far
Everybody wants to be a star
Everybody wanna be a star, never wanna be who they are
