

Am I Reaching You Now

Train

Would you believe me
If I said, my head is spinning without you
Would you believe me
If I just want to let you know how I feel about you Now I want to know what I can do to make you wanna stay
with me now
'Cause I do
Would you believe me if I leave you
'Cause here I go Am I reaching you now
I'm just trying to tell you that I'm letting you go
Am I reaching you now
Dearly departed now that you've started, I'm going to finish it Would you believe me
If I held on too tight to make it without you
Would you believe me
If I just gotta let you know I can't live without you
Would you believe me if I leave you
'Cause here I go Am I reaching you now
I'm just trying to tell you that I'm letting you go
Am I reaching you now
Dearly departed, now that you've started it, I'm going to finish it Now I don't mean to test your faith
Or make you think that I won't wait for you, 'cause I will
But baby this is all I got, so I'm gonna give it one last shot
I would give you more than enough but baby, I got to let go
Gotta let you go Would you believe me
Am I reaching you now
I was trying to tell you I was letting you go
Am I reaching you now
Dearly departed, now that you've started, I'm going to finish it Am I reaching you now
(Am I reaching you now)
I gotta finish it
Am I reaching you now
Dearly departed, now that you've started, I'm gonna finish it
