Battle Lust

Warbutcher

The fact that your opinion's wrong
You never listen at all
With our backs against the wall
We become what we are told
Apologize, sympathize
Will it ever end?
I promise I see your side
But I'll never bend
Lovers, (lovers), liars, (liars),
Colder than death, you're colder than death
Spotlight, (spotlight), cancer, (cancer),
Filling your head, killing regret

Dare me to cross the line
I'll see you on the other side
Heavy hands, fragile hearts, are tearing us apart
Lovers, (lovers), liars, (liars),
Colder than death, you're colder than death
Spotlight, (spotlight), cancer, (cancer),
Filling your head, killing regret
Bound in the battle lust
Everything turns to dust
Lovers, (lovers), liars, (liars),
Colder than death, you're colder than death
Spotlight, (spotlight), cancer, (cancer),
Filling your head, killing regret
