

Alone

Ledisi

Tell me how, how did we get here?
We keep running from all the answers
And leaving me here with questions
It's not fair why you never there, you keep leaving me here alone
Please tell me what, what you wanna do
My heart belongs to you and I don't know what to do
You say that you still love me
It's not in your actions so what's the distraction?
We're falling, falling apart
Feels like our ending, it's not like the start
Please won't you tell me the truth
Instead of always just leaving me here alone?
Alone, I don't wanna be alone
Don't wanna here be alone
Alone, I don't wanna be alone
Don't wanna here be alone
Alone, I don't wanna be alone
Don't wanna here be alone
Please won't you tell me the truth
Instead of always just leaving me here alone?
Please tell me how did you and I become
Then change from we to me?
I see you changed and I'm the one to blame
'Cause I noticed everything and I never said a thing
So say what's on your mind, so we don't waste our time
Tryna hold on to loose ties, oh baby
Please won't you tell me the truth
Instead of always just leaving me here alone?
Alone, I don't wanna be alone
Don't wanna here be alone
Alone, I don't wanna be alone
Don't wanna here be alone
Alone, I don't wanna be alone
Don't wanna here be alone
Please won't you tell me the truth
Instead of always just leaving me here alone?
If I'm apart of you and you're apart of me
Then why can't we talk it out and bring it back to we
You said forever you'd never leave

It's worth more than everything and that's what I believe
The choices you're making are breaking us up
You're making it hard to identify love
I'm tryna keep us together
The only way to make it better is don't let me be alone
Alone, I don't wanna be alone
Don't wanna here be alone
Alone, I don't wanna be alone
Don't wanna here be alone
Alone, I don't wanna be alone
Don't wanna be here alone
Please won't you tell me the truth
Instead of always just leaving me here alone?
I don't wanna be alone
Don't wanna be by myself no more, no
Please won't you tell me the truth
Instead of always just leaving me here alone?
