

You Make Me Wanna Dance

The Archies

You make me wanna sing
You make me wanna laugh and be happy againBaby I was down and out
My whole world was turned around
Girl you picked me off the groundNow You make me wanna dance
You make me wanna sing
You make me wanna laugh and be happy againYou got me on my feet again
Life is so sweet again
Let me repeat again
You make me wanna sing
You make me wanna laugh and be happy againOh You make me wanna dance
You make me wanna sing (la, la, la, la, la...)
You make me wanna laugh and be happy again
You make me wanna sing
You make me wanna laugh and be happy againYou make me wanna sing
You make me wanna laugh and be happy again
