Sasuke

eX-Girl

Sasuke...
Sasuke...
Sasuke...

I Represent Uchiha, Most Awesome of Ninjas
Poor Master Splinter, Autumn or Winter
Cause to offend ya, I'm not kyuubi
My claws will end ya, pause to remember...
SASUKE!

Some get the creeps when my blade is out
Because one cut dissects the lungs of a mouse
Yes!
You gotta see me to know your fate
That night, I don't sleep, I wait
Avenging Ninja willing to shock ya'
Leave the rest up to the doctors
Yes, Yes, I am doing the proverb
Sakura-chan is feeling to get knocked up

Following me makes you obvious
Three miles ago, you entered my consciousness
Soft and solid, both at once
My touch is wrathful and majestic
Cuz I am the best, YES!

An expert, a genius
I hone my skills in the flames of passion, Yes!
My grace will embrace the iris
I use my hands to touch the lightning

My Name is Sasuke
My Name is Sasuke
My Name is Sasuke
The King of Sharingan

Who am I? SASUKE!
Who am I? SASUKE!
Who am I? SASUKE!

Who am I? SASASUKE!

Of all ninjas, I am the most successful one
Summoning beasts, canine to cut the thumb
Leaf off, branch sliced
Leaf cut, wind pure
Excellence is my only sin

The scream of a thousand birds is glory
Yet, get chopped and shocked when I use Chidori
Any killer bee, please bring, I will sting them
Please witness the King of Sharingan

One blink splits cells in an elephant
Six blinks will implode brains of a mammal
I am not evil, I am not good
I serve this Earth, as flesh and blood
But with a purpose

Following me makes you obvious
Three miles ago, you entered my consciousness
Soft and solid, both at once
My touch is wrathful and majestic
Cuz I am the best, YES!

An expert, a genius
I hone my skills in the flames of passion, Yes!
My grace will embrace the iris
I use my hands to touch the lightning

My Name is Sasuke
My Name is Sasuke
My Name is Sasuke
The King of Sharingan

Who am I? SASUKE!
Who am I? SASUKE!
Who am I? SASUKE!
Who am I? SASUKE!
