

Intro (feat. Bun B & Pimp C)

UGK

Wassup dog?

Live from the motherfuckin' pen, nigga

It's your boy Smizzno, motherfuckin' D, understands me

But, uh, I'm just chillin' out dog, it's rap downtown

I get treated like the motherfuckin' Pope up in here nigga

Due to the fact, due to the motherfuckin' fact, that I'm real

There's a lot of niggas in here dog, about 120 niggas

And you can hear I don't ever get no peace

But I'm charging ever motherfucker I can

When I get out there on the street

Once again, like before
