I'm Not An Angel

Halestorm

You made a mistake
On the day that you met me and lost your way
You saw all the signs
But you let it go
You closed your eyes
I should of told you to leave
'Cause I knew all the time you couldn't handle me
But you're hard to resist
When you're on your knees
Begging me

[Chorus]
I'll tear you down
I'll make you bleed eternally
Can't help myself
From hurting you when it's hurting me
I don't have wings
To fly with me won't be easy
'Cause I'm not an angel
I'm not an angel

Hate being that wall
That you hit when you feel like you gave it all
I keep taking the blame
When we both know that I'll never change

[Chorus]

I wasn't always this way
I used to be the one with the halo
But that disappeared when I had my first taste
And fell from grace
It left me in this place
I'm starting to think maybe you like it

[Chorus]

I'm not an angel [Repeat: x4]
