Grand Illusion

The Enclave

The obliteration of your isolation
The complete explosion of your fondest notion
This disintegration is your elevation
Its a grand illusion, its a grand illusionYoure crying, youre trying so hard now
Youll be laughing a hundred thousand years
There is only one day and tonight is the night
Its a grand illusionThe devastation of your separation
The disillusion of your constitution
Its exhilaration, its your liberation
Its a grand illusion, its a grand illusionYoure crying, youre trying so hard now
Youll be laughing a hundred thousand years
There is only one day and tonight is the night
Its a grand illusionIts a grand illusion
Its a grand illusion
Its a grand illusion
Illusion
Grand illusion
Grand illusion
