Vote for U.P.P.

Sundown Delay

You have learned to smile
So that the whole world smiling back
It wonâ€™t return that smile though
If your pictureâ€™s got a crack
Life goes easy like you knew it would
And thatâ€™s because youâ€™re looking good

You get your point across
Which earns you confidence and sway
Respect! Your aura gloss
Makes your mistakes turn out okay
And you think itâ€™s the engine under the hood
But no, itâ€™s â€˜cause youâ€™re looking good

And this privilege came at birth
Letâ€™s talk â€˜bout silver spoons
Vote for Ugly People Party, we can help
If you got a bad face

Itâ€™s time for the ugly people to rise

Since day number one
People always treated you well
To hang with you is fun
They buy the same rates as you sell
And you never thought about it though you should
Itâ€™s all about you looking good
