Fainting Spells

Lotte Kestner

Give me this before
I slip,
Before I sink,
Because I think
I think I may have found
The short way down
Just give me something
Something?s cold and clear
The love spent here,
As I had feared,
Means nothing dear.
I pray to reason I?ll forget
I?ll trade what?s left
Just give me something
I?m the devout,
Praying just to
Get the blood out,
Bound by this flesh I own
I?m the devout,
Cutting just to
Get the blood out
Desecrate 'til we die alone
I will defy
The pulse, disguise
But please pretend
We?re still alive
If it gives you hope
I sung and drowned,
I?m taking the short way down
Just give me something
I?m the devout,
Praying just to
Get the blood out,

bound by this flesh I own
I?m the devout,
Cutting just to
Get the blood out.
Desecrate til we die alone

Give me something I can take,
Can take to make the memories fade,
Poison kiss, remember this,
I never was meant for this day
Give me something I can take,
Can take to make the memories fade,
Poison kiss, remember this,
I never was meant for this day
I?m the devout,
Praying just to
Get the blood out,
Bound by this flesh I own
I?m the devout,
Cutting just to
Get the blood out.
Desecrate til we die alone
Just give me something
I?m the devout,
Praying just to
Get the blood out,
Bound by this flesh I own
I?m the devout,
Cutting just to
Get the blood out.
Desecrate til we die alone
We die alone
We die alone
