

Sister

The Black Keys

Wake up
Gonna wake up to nothing
Break up
The break up is coming
When you're heart is hollow
Another pill to swallow Shake up
Got to shake up you're freezing
Make up
I'm gonna make up my reasons I used to say I need you
But now I gotta leave you [Chorus]
Sister, sister what did they do to you
Sister, sister what did they do to you
Did they take and try to break
A heart that longed
It's so wrong-Instrumental-Hung up
Got me hung up and dragged
Rung up
Got me rung up and bagged You took advantage of
The one who showed you love [Chorus]
Sister, sister what did they do to you
Sister, sister what did they do to you
Did they take and try to break
A heart that longed
For so long
So long
So long
