Your Friend And Mine - Neilâ€™s Song

Love

Only you can bring back the good old days
Let's hear it again for our long lost friend
Who passed away
Maybe it's better that way
And even if I'm thinking upside down
You're right side up with me my friend
You know that you're the one for me

Only you still can see a memory
Like what about the time you took my arm
Said come with me you don't have to be strong
Said here's a little something to relax your mind
Now that we are two of a kind my friend
All we are is two of a kind

Only you can bring back the good old days
Like what about the time you tripped and fell
But you didn't care 'cause all the time you knew that you'd be getting well
You don't do nothing and you land in jail
Farewell, farewell, farewell my friend
They took all your money now look what they've done for you
Chump!

Only you still can see a memory
Like what about the time you took my arm
Said come with me you don't have to be strong
Said here's a little something to relax your mind
Now that we are two of a kind my friend
All we are is two of a kind

Save a little space for me my friend
Save a little space for me
