

Stevie

Britny Fox

Ooh, yeah, ooh, yeah
Have you seen this girl, did you catch her name?
Has she played the town? Watch your step, 'cause she's been around
She was once my queen, my love, prize
and dream
She left her name around, a little sly way, she sneaks around, ooh, yeah
'Cause I know, what you might say
You wanna ask me if Stevie makes the play
'Cause I know, ohh, no, 'cause everybody wants to know
About my Stevie
My Stevie, my Stevie, my, my Stevie
You said your love for her is growing strong
You're gonna find out soon, all things that she'll do to you
Your life's on a knife, she says she's not that type
You might as well take the blade, cut yourself, yourself in two, ooh, yeah
'Cause I know, what you might say
You wanna ask me if Stevie makes the play
'Cause I know, ohh, no, 'cause everybody wants to know
About my Stevie
My Stevie, my Stevie, my Stevie, my, my Stevie, goin' round town
My Stevie, my Stevie, my Stevie, my, my Stevie, wakeup Stevie
Stevie, my Stevie, my Stevie, my Stevie, my,
my Stevie, goin' round town
My Stevie, my Stevie, my Stevie, my, my Stevie
My Stevie, my Stevie, my Stevie, my, my Stevie, ooh, yeah, ooh
