Autonomous

Xerath

These streets are just borrowed scenes
These streets are just walking dreams
This city is autonomyLife by permanent inquest through me
Trial by constant trailing eyes
This city is autonomyI own your every breath
I am the purest gonvernment
You are mere commodity
To my eyes you have been seen
You have been seen
Constantly it lies in wait for me
I twist to become the living bait
This city is autonomyI feel its ever presence
All I fear
Its cold dead stare, its heart of stone
This city is autonomy
I own your every breath
I am the purest gonvernment
You are mere commodity
To my eyes you have been seen
You have been seenYou have been seen
