I Believe In UFO's

Screeching Weasel

I believe in UFO's
Baldheaded men with goldfish bowls
Tied securely round their waists
Observing us from outer space
I believe in UFO's (x4)
Men from space invade my dreams
Simply confirming my beliefs
The government will not admit
Another race of man exists
CI believe in UFO's (x4)
Twinkle twinkle UFO
There are those of us who know
You're up above up in the sky
Watching our planet slowly die
SING CHORUS IN YOUR MOM'S FACE AND MAKE
SURE YOU HIT HER WITH TINY FLECKS OF SPIT
