Paul Brown

Yeah, I gotta let these niggas know once again
There ain't nothin' wicked like this here
Wicked, wicked shit, you know what I'm sayin'?
Yeah, so if you didn't catch it the first time
I'ma hit 'cho ass like this two times on yo' ass1 9 9 4, I'm out 'fo tha doe, fuck a hoe
And bitches can't fade me like an afro
My flow is wicked, some doubt what we say
The unholy black devil Kunta KinteI'm down wit Natas and they blast 'fo me
And niggas can't see me in 3D
I'm comin' at 'cho ass straight from tha East Side
And I'm in the belly of the beast, rightNiggas don't know the time
I'll put a gun in yo' mouth and let the taste blow yo' mind
Sleepy niggas awake
You're faker then a silicone titty with the shakesI makes mo' bounce to tha muthafuckin' ounce
And Esham's how I'm pronounced, bitch
I hit the switch 'coz I got tha shit hooked up
And my shit pure before it's cooked upMo' money, that's what it's all about
Young hoes, it's all about dick in yo' mouth

No singin' at my funeral
Just a little somthin' I thought you should know

If yo' pussy stank, you need some douchin' hoeAs I change my flow up my mind to blow up to make you throw up
