

Swagger Right

Mike Jones

I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
I swear before the money came all the girls were dissin' me
Now they see me on TV and now they runnin' up kissin' me
Swagger to tha ceilin', I just did a show in Italy
My swagger world wide
Bet they know me if you mentioned me because
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
I swear before the fame came, I was ballin' underground
Makin' money independent 'til my solo came around
Who is Mike Jones? My swagger to tha ceilin'
I scooped the world down when I sold a couple million
I'm flossin' and I'm tippin', no more with grain, I'm grippin'
I'm guchy over butta while I'm purple drank sippin'
I said I'm flossin' and I'm tippin', no more with grain, im grippin'
I'm guchy over butta while I'm purple drank sippin'
Because I'm swagger to tha ceilin', swa-swagger to tha ceilin'
Them foes on a benne now my swagger to tha ceilin'
My swagger to tha ceilin', my swagger to tha ceilin'
They say that Mike Jones volar but I'm still on in my city because
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
I'm so shiny, foes so glassy

Hoes they want me yet they so nasty

Swagger up high in the sky when I rise
Seven forty five on twenty two inch tires
Yo hoe she on my ride, yo hoe she on my dick
She'll be like, Mike Jones, see this shit
How about my five? How about my six?
She's on me because I'm it, love the fact that I stay rich
Love the fact I come from candy painted, drop the bubble kit
She all ready know I'm paid
How glade Escalade, what a maid
Better clean up and do me and you right now 'cause I'm paid
I ain't trippin' about what these haters say
I just keep my swagger up and let these haters fade away because
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
Lil' mamma love me, she love my big ol' chain
Loves the way my paint get blanged when I'm out in my drop o' swain
Loves the way I grip that grain
Lil' momma, she in love with my swain, love in my swain
Lo-love in my swain, she loves that big o' chain
Loves the way my paint get rained
Shine when I'm in the turnin' lane
Always be on me hard when I come in the boulevard
Lil' mama, she loves my swag
Lil' mama love me, lil' mama love me, lil' mama love me
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
I got my swagger right, I got my swagger right
I-I-I got my swagger right
I got my swagger right, I got my swagger right
They said that I was broke, now they lookin' sour right
