

# Given It All

## Hayley Kiyoko

If we make it  
On a tightrope  
I'm not falling  
I'm not crawling You can't blame me  
Not for trying  
I'm not foolish  
I will get you Tear the walls down  
Don't be stupid  
Meet me halfway to your heart Let the sun rise  
When it's starting  
And I'll break you  
Till I breakthrough Reff:  
I've given it all to you  
I've given it all to you I've given it all to you  
I've given it all to you  
I've given it all to you  
I've given it all to you  
I've given it all to you (It's got me) Closer  
To the water  
We should set sail  
To the border Tear the walls down  
Don't be stupid  
Meet me halfway to your heart Let the sun rise  
When it's starting  
And I'll break you  
Till I break through (Reff)  
It's got me  
Let the sun rise  
When it's starting  
Let the sun rise  
When it's starting You can't blame me  
Not for trying  
I'm not foolish  
I will get you (x2)  
Let the sunrise  
When it's starting  
And I'll break you  
Till I break through (Reff) (It's got me)

I've given it all to you  
I've given it all to you  
I've given it all to you  
I've given it all to you(It's got me)  
I've given it all to you  
(Let the sun rise)  
I've given it all to you  
(When it's starting)  
I've given it all to you  
(Then i'll break you)  
I've given it all to you  
(Till i break through)
