

Home to Me

Stefanie Heinzmann

Take me home on an aeroplane
I can't take it anymore
I don't know where I was coming from
It's like a revolving door
It's not the place I was going to
It's not the place I wanna be
Take me home on an aeroplane
So I can get home to meHome to me
Home to all I wanna be
Take me home on an aeroplane
So I can get home to meGot a call from America
Come and visit for a while
Lost myself in America
In between all the smiles
Walked along the beaches
Saw the desert and the sea
And it's all so very beautiful
But it's not home to meHome to me
Home to all I wanna be
And it's all so very beautiful
But it's not home to meAnd they say home can be anywhere
But I miss little things like my favorite chair
But I don't care
It's everything I needHome to me
Home to all I wanna be
And it's all so very beautiful
But it's not home to me
Home to me
Home to all I wanna be
Want you to take me home on an aeroplane
So I can get home to me
Want you to take me home on an aeroplane
Get home to me
Get home to me
