Deluca

Flake Music

A stain that sticks like glue
Your expression when you left
I'll never change your style
Severed and untied

I failed to hold your hand
Self and unwise
I'll never make you smile
It's like a train with no track

A stain that sticks like glue
Your expression when you left
I'll never change your style
Severed and untied

I failed to help your head
I was selfish and unwise
I'll never make you smile
A train runs with the track
