

Insane Clown Posse

(die bitch, fuckin die!)

ALL NIGHT

find me robbin your jewels  
 settin fires  
 damaging, and breakin into schools

IN THE DARKNESS

its much easier to be heartless  
 break the window out the Lincoln  
 and screwdriver start this  
 muggin people

droppin on 'em from street lights  
 stab 'em with garden tools,  
 or beat 'em with pipes  
 so dont come out

stay inside cozy and tucked  
 and if im breakin in  
 your old lady's gettin..

fook'd!

ALL DAY

car jacks get outta the van  
 as soon as they step out  
 i pop 'em anyway "BLAMMM!"  
 i rob liquor stores with a lil 22 hold  
 i know its nothing but its something  
 when its bustin at your nose

SUNNY DAYS

i hit up the beach with cleats on  
 and stomp bitches in they ass  
 tryina tan in they thongs

ALL DAY

see me fuckin hookers at truck stops  
 and then i kill 'em  
 cause thats where my buck stops

ALL NIGHT

im wicked and i got the power  
 bloodsheds on the wall during the witching hour

IN THE DARKNESS

see me ride by in an impala  
 draggin some fuck ass by his foot and hear him holla

IN THE NIGHT TIME

i take whats rightfully mine  
i run through emergency rooms and sever life lines  
fuck the limelight i'm the one i need to impress  
with a double dip swinging ax chop to your chest

ALL DAY

im sellin coke laced joints to little kids  
i'm a clown in a milk truck handlin biz

IN THE SUNSHINE

i been known to take shots at the po  
im in the bushes with the camouflage on and rifle scope

ALL DAY

i'm wicked  
i keep it horrifying  
ax murdered some kid and his dad kite flying  
i knock the fuckin mail man out on the grass  
and burned holes in his face  
with the magnifying glass

ALL NIGHT

i fly like a vampire bat  
and murder people telling stories where the camp fires at  
BLAME IT ON THE MOONLIGHT OR BLAME IT ON THE BOOGIE  
i shot the mother fuckin sheriff and his deputy rookie

WHEN ITS DARK OUT

i hit the streets in the shadows and grab yos, and  
BOOGIE THE WOOGIE  
and stab ho's  
dont even give me a pound when you see this clown  
you gettin cut the fuck up  
and chopped the fuck down

ALL DAY

catch me picnicking with bitches in the park  
right before i icepick 'em in the heart 24/7  
if it aint us its somebody gettin bloody  
wicked clowns aint the only ones nutty buddy

CATCH ME, TONGUE KISSIN

catch me burying another bitch dead  
behind a shed
