

# Solid Ground

## Megafaun

Cannot fall, never do regret  
Know just what is being said  
    Know the risk you take  
    Keep your head above it all  
        Sure you can fall  
    But not now you gotta prove  
Something new, being you, being you  
    Can't feel, keep from asking why  
    Be the strongest at goodbyes  
        Know your place in life  
    Now expand your wings and fly  
        It reaches high but not,  
        Enough you seem to me  
    So incomplete, swept off your feet  
And let me tell you they will always pull you down  
Before you know it they will take your smile and push you around  
    They will fight and struggle  
        To blur and trouble  
        Your sense of solid ground  
    Cannot know, lose your self-control  
        Be and angel over all  
        Know your secret way  
    Laugh at everything they say

Will you remain the same?  
And now you dare not see  
    What's letting go  
    Inside of me, is it me?  
And they will always pull you down  
Before you know it they will take your smile and push you around  
    They will fight and struggle  
        To blur and trouble  
        Your sense of solid ground  
    Keep your head above it all, sure you can fall  
        But not now you gotta prove  
        And they will always pull you down  
Before you know it they will take your smile and push you around  
    They will haunt your every dream  
    They will make you come undone at the seams

And they will fight and struggle  
To blur and trouble  
Your sense of solid ground?  
Keep your head above it all  
Sure you can fall  
But not now you gotta prove  
Something new, being you, being you
