

What About Your Friend

Sammie

Oh, no, oh, no, I don't wanna seem like a player girl
But I gotta play my cards right
And tell you the truth about what I like
It's the simplest things The way you walk, the way you talk
Girl you're so fly
But your girls got my eye
I think you should know that Baby, you're so fine
What about your friend?
The one that was with you when you walked in
Girl I know you don't hear this often Shorty, you're so fine
What about your friend?
The one that was with you when you walked in through the door
She's what I'm looking for Baby, look on the bright side
Though you won't be with me
You can still go with the team
Girl, as long as your friend is coming I won't rush that I know, I gotta know
What's up with this hook up girl
Her beauty's a crime
And she needs to be handcuffed, ohh I've been feeling this feeling
For too long and I can't go on
Unless she give me her digits
For that call and we finally talk Ooh, she's sexy
And I'd be completely satisfied
If she would only touch me
When she's ready to leave, ooh girl You're so fine
What about your friend?
The one that was with you when you walked in
Girl, I know you don't hear this often, ohh, baby Shorty, you're so fine
What about your friend?
The one that was with you when you walked in through the door
She's what I'm looking for Ohh, baby, looking good but your girl look better
Ohh, no, no, no, no, no, no
She's so fine girl
I really dig your girlfriend, she's so fine girl, ooh You're so fine
What about your friend?
The one that was with you when you walked in
I know you don't hear this often Shorty, you're so fine
What about your friend?
The one that was with you when you walked in through the door

She's what I'm looking forHey, ooh, she's so fine girl
I really dig her sexy style
'Cause she so fine, yeah, ooh no, no
Please don't be mad at me but she's so sexy
Ah, nah, nah, ah, nah, nah, let it play, let it play, ah, nah, nah
