

Donald Trump Is a Fuck Boy

Netherfriends

The world is a nightmare
America's a fuck boy
I don't want to live here
But right now I got no choice
The world is a nightmare
Donald trump is a fuck boy
But so is everyone
We need to share more joy
Everything's fucked up
Everything's fucked up
Everything's fucked up
And it's always been
I said Everything's fucked up
Everything's fucked up
Everything's fucked up
Everything's fucked up
And it's always been
Shit's been fucked and it'll always be
(Shit's been fucked it'll always be)
Share love with everyone you meet
(Share love with everyone you meet)
Shit's been fucked and it'll always be
(Shit's been fucked it'll always be)
Share love with everyone you meet
(Share love with everyone you meet)
Everyone's the same we all know that
I'm the same as you I'm just in a straw hat
Everyone's the same we all know that
I'm the same as you I'm just in a straw hat
