

# Done and Done

## Chuck Ragan

Why do we never know  
 Questions come and answers go  
 Somewhere else besides our head  
 We wear the stripes until we're dead  
 And we only want to love  
 Spending time here and above  
 Hopelessly devoted of  
 flesh and blood  
 Until we're done and donedone and done  
 uuuuhhhhWake up now we've got to go  
 Somewhere higher's all I know  
 Leave behind the walking dead  
 Leave the mess don't make the bed  
 And roll right on like a wave  
 Rolling never hesitate  
 Build momentum and create  
 Something to sing, something to sayOh let it go  
 Cut loose and roll  
 Rock steady soul  
 Get up stand up.  
 Throw your hands upAnd oh let it go  
 Cut loose and roll  
 Rock steady soul  
 Get up stand up  
 until you're done and doneWhy do we never know  
 Questions come and answers go  
 Somewhere else besides our head  
 We wear the stripes until we're dead  
 Let's roll right on like a wave  
 Rolling never hesitate  
 Build momentum and create  
 Something to sing, something to sayOh let it go  
 Cut loose and roll  
 Rock steady soul  
 Get up stand up.  
 Throw your hands up  
 And oh let it go  
 Cut loose and roll  
 Rock steady soul

Get up stand up  
until you're done and done
