

# Lady Do Or Die

Billy Idol

What it takes, it takes a dog to cry  
What it takes, a boy must die  
What it takes, sometime before midnight  
What it takes, it takes a life  
'Cause I was o' so young  
Misshaped before my time  
Ride metallic monsters  
And there's mud in your eye  
For lady do or die  
It makes a woman bleed  
Can't give her all her needs  
Close the door before you leave  
Can almost hear her breath  
It's a shame what you've become  
The things I do for love  
On this road tonight looking for her candlelight  
For lady do or die  
For lady do or die  
Tumbleweed, passing by  
Train whistle start to cry  
More people start to die  
I don't know why, God knows why  
I wonder what it takes  
To free someone  
I wonder what it takes  
Free you from your prison  
Kings of the road keep travelin' on  
Every mile a ragged woe  
Kings on the road keep smilin' on  
Play the guitar and sing the blues and cry  
Play the guitar and sing the blues and cry  
Play the guitar and sing the blues and cry  
For lady do or die  
For lady do or die  
For lady do or die  
For lady do or die  
For lady do or die  
Play the blues and cry  
For lady do or die

Play the guitar  
For lady do or die  
Sing, sing the blues and cry  
For lady do or die
