Keep It Hot

Cameo

Good things come to you, you stay on that too
Soon you'll never stop, always keep it hot
Ow, ow, ow baby, because I like what you do to me
Baby, because I like it when it's all for me
I like my friends exciting, if they keep my fever rising
'Cause I always like to keep it hot
Little girl, out in the play and I'll bet you'll wanna stay
And I guarantee, "I'll hit the spot"
You be good to me, I'll be good to you
Anything you want or anything you do
I've got my eyes on you and my engine too
Give it all I've got and to keep it hot
Oww, ow, ow, baby, humm
Tell all your friends that we're movin' on the one
He, he, baby, if you can take it you'll have more from here
I hear plenty people talkin' but those same people are walkin'
But they still try to tell me how to keep it hot, humm
But girl, stick with me and with both our eyes will see
It's not very hard to keep it hot, I just know what I know
Let us take a chance to make joy romance
Life can be a tear if you let love end
Here's all you have to do to make it for my crew
Give the best you've got and we'll keep it hot
Ow, ow, ow, baby
Let's not pretend, let's get on with the show, baby
You dig it
You be good to me, I'll be good to you
Anything you want or anything you do
I've got my eyes on you and my engine too
Give it all I've got and to keep it hot
Oww, ow, ow, baby, humm
Tell all your friends that we're movin' on the one
He, he, baby, if you can take it you'll have more from here
Let us take a chance to make joy romance
Life can be a tear if you let love end
Here's all you have to do to make it for my crew
Give the best you've got and we'll keep it hot
Ow, ow, ow, baby
Let's not pretend, let's get on with the show, baby

You dig it
Do, do, do, do, do, do, do, do, do, do, do, do, do, do
Do, do, do, do, do, do, do, do, do, do, do, do, do, do
Do, do, do, do, do, do, do, do, do, do, do, hot
Keep your eyes on me, I'll keep my eyes on you
My body too, I'll give it all I've got to, keep it hot, yo
Baby, oww, oww, oww, oow, how
You give it to me, I'll give it to your body too
