

# We the People

Billy Ray Cyrus

Come on man  
YeahThe farmers rise up every mornin' at five  
The truckers drive them eighteen wheelers all night  
The factory workers, they build it with pride  
Twenty four-seven, down the assembly lineIn every city, in every town  
Somebody's gotta make  
The world go roundWe the people move it, we the people know  
We the people, we run the country  
We the people prove it, we're the heart and soul  
We the people, we are the countryHere's to every salesman on the telephone line  
And every waitress workin' hard for those dimes  
The middle managers who punch overtime  
And anyone fightin' wars, fires and crimesDay after day, year after year  
The mint might print it  
But the buck stops hereWe the people move it, we the people know  
We the people, we run the country  
We the people prove it, we're the heart and soul  
We the people, we are the countryStand upWe pay the taxes, we pay the bills  
So they better pay attention  
Up on Capitol HillWe the people of the United States  
In order to form a more perfect Union  
(Establish justice)  
Insure domestic tranquility  
(Provide for the common defense)For more to general welfare  
Secure the blessings of liberty  
To ourselves and our posterity  
Do ordain and establish this Constitution  
Of the United States of AmericaWe the people move it, we the people know  
We the people, we run the country  
We the people prove it, we're the heart and soul  
We the people, we are the countryWe the people choose it, we the people vote  
We the people, we run the country  
We the people rock it, we the people roll  
We the people, we are the countryWe the people move it, we the people know  
We the people, we run the country  
We the people prove it, we're the heart and soul  
We the people, we are the countryWe the people prove it, we the people know  
We the people, we run the country  
We the people prove it, we're the heart and soul

We the people, we are the country
