

BeerRun

Absolute Steel

I'm on my last beer And the party has just begun
Our only chance to have some fun
Is to make the perfect beerrun
I got my boys with me
And we're gonna make it
Feel free to join us
If you think you can take it

We're out of beer! NO!
Let's make a beerrun! YEAH!!!
We gotta save the party!
Tonight!

Don't need a map
Don't need directions
We've been here before
We got connections
Sweet little sister
Get outta my way!
Willy's got the truck running
Ain't got time to pay

We're out of beer! No!

Solo: Dave Bomb
Solo: Andy Boss

We're out of beer! No!
