Love of the Common Man

Todd Rundgren & Utopia

Well I've been burned in my prime
Simple things in life seem so hard to learn sometimes
And it takes so long, catch it while you can
Too late tomorrow, everyoneSaid we all know what comes of that, we know what comes of that
Living in your pockets and talking through your hat
But it don't take long to turn your head around
Too late tomorrow, everyoneNeeds you, love of the common man
As he turn the world around
Too late tomorrow, everyone
'Cause everyone
Everyone is waiting, just anticipating on you
Won't you make a showing everybody knows what to do
Take a dive from your ivory tower
And fall on everyone will catch you, everyoneI said, "Everyone is waiting, just anticipating on you
Won't you make a showing everybody knows what to do"
Take a dive from your ivory tower
And fall on everyone will catch you, everyoneI would be so pleased to spend some time, I'd just spend a litttle time
To hear a little talk about what's been on your mind
'Cause it don't take long to turn my head around
If it comes easy and everyone
Needs the love of the common man, as he turn the world around
Too late tomorrow, everyone
Needs the love, needs the love of the common man
Turning the world out, you turning around
Too late tomorrow, everyone
