

# Best Thing (ft. Gavrielle)

Louis Vivet

You've got some badass dreams  
And I like your style like in the magazines  
They never teach you how, to be yourself  
'Cause isn't that the best thing to be?'Cause no one else could ever have your name  
You ain't a person shelf  
Where destiny is made  
You might be scared as hell, but isn't that the best thing to be?  
Now isn't that the best thing  
Now isn't that the best thing to be  
Now isn't that the best thing to be  
Now isn't that the best thing to be  
You, you know exactly what to do to pull my heartstrings  
And I, come next, electrify  
You try my heart, we keep in time  
You hold my soul, you are my spine  
Don't look back, 'cause you'll want to stare  
Come join the crowd where it's crystal clear  
You don't even have to wonder  
You don't even have to try  
You don't even have to worry  
About the things that come at night
