

Running

Anvil

Getting off my ass
Getting on my feet
Gotta get going, I'm ready to compete
 Keeping the pace
 Gonna win the race
I'm running, I'm running, running for my life
I'm running, I'm running, running for my life
 Off with a quickstart
 Fast as I can go
 Make it to the finish line is all I wanna know
 Don't wanna be lame
 Fonna win the game
I'm running, I'm running, running for my life
 Living for the dream
 Victory supreme
Winning is all that I like
I'm running, I'm running, running for my life
 Running for my life
 Living for the dream
 Victory's supreme
Winning is all that I like
